

LeBit -Apps for Microsoft Business Central

Comfort functions in documents that the standard does not offer

LeBit Correspondence Layout facilitates and accelerates working with documents

The correspondence document set contains 13 standard reports which have additional functions that do not represent a localized standard system.

The screenshot shows the Microsoft Business Central interface with a 'NAVIGATE' window open. The window displays document details for document number 104004, including the posting date (02.04.19) and the Ibt Process No. (VOR000021). Below the document details is a table of related entries:

RELATED ENTRIES	NO. OF ENTRIES
<input checked="" type="checkbox"/> Sales Invoice Header	2
Sales Cr.Memo Header	1
Sales Shipment Header	2
Return Shipment Header	2
Quote	2
Order	4
G/L Entry	9
Cust. Ledger Entry	3
Item Ledger Entry	6
<input checked="" type="checkbox"/> VAT Entry	4

At the bottom of the window, source information is displayed:

SOURCE	Document Type	Source No.
Document Type	Posted Sales Credit Memo	20000
Source Type	Customer	Trey Research

- Company logos are taken from the company's equipment at a central location and can be displayed left-justified, right-justified or centered in all documents.
- Number of documents (copies) to be printed can be specified.
- Documents can be archived in parallel during printing.
- Option: Hide company data with pre-printed layout (company paper).
- Folding lines for folding the stationery are included on the first page.
- Article Pictures can also be printed.
- ...and a lot of comfort functions that are essential for daily business correspondence

About "LeBit Software & Consult GmbH"

LeBit has been a competent partner of Sage Software GmbH and a Microsoft Gold Partner for many years. we combine with the complete solution "LeBit Industrial Solution" all components that industrial companies and service providers need to professionally map their business processes in an ERP system.

With the modules of LeBit Industrial Solutions, industrial users can plan, map and control processes in accounting, merchandise management, human resources, production, maintenance and project management far beyond the standard functions of Microsoft Dynamics 365 Business Central.

The LeBit Apps extend Microsoft Dynamics 365 Business Central with important features in the future.
